BIRDS OF A FEATHER is a special, magical place—your dream come true! Our community is a gay and lesbian community like no other in the world, located near Santa Fe, in the *Land of Enchantment*, sunny Northern New Mexico. Our community is made up of people who care about environmentally responsible living; an active and healthy lifestyle; and forming strong social connections when we need them most—as we are aging.

Most of our current community residents and lot owners (ages 45 & up) are planning on "aging in place", ie: staying in their homes as they age. Our homes are designed with aging in mind and our community supports staying physically fit and active. Our residents enjoy hiking on our 140-acre property, as well as gathering to share meals, celebrate birthdays and holidays, playing games or golfing and traveling together.

We believe that many people are interested in simplifying, and reallocating their time and personal resources to the things that give them pleasure and their lives a sense of meaning. To that regard, we encourage our lot owners to build homes with a smaller "footprint" allowing the emphasis to be put on interior detail and livability rather than quantity of space. Our covenants currently allow homes of between 900 to 3000 square feet.
